

PROXIMITY

Reader

Access Terminal

Amano McGann Proximity readers ensure fast and convenient parking access and egress with up to a 10-inch read range standard. Cards may be presented to the reader at any angle while maintaining speed and accuracy. Non-contact proximity antenna operates reliably indoors or out with minimal maintenance.

Audio/visual indicators provide active feedback to patron when a card is presented. Used with Amano McGann Software, these readers are ideal for monthly contract, temporary, visitor, hotel, valet, debit, and credit card on-file applications.

Reader PROXIMITY

FEATURES

- Micro-controller technology ◀
